These should refer to the Arbiter's knowledge of the Laws, the Pairing Rules used and other regulations. Also his/her objectivity, ability to cope with any incidents that arose and consideration for the protection of players from disturbance and distraction.

Thomas was responsible for using Swiss Manager. This meant he had to add in late player entries, add in byes, and input the results. Thomas input 1700 results over the weekend, and despite the speed of the event and the short time between rounds, he was able to get every single result correct. He communicated with the floor arbiters regularly to ensure all results had been received. His speed and efficiency meant the tournament ran to schedule.
