* Special remarks:

Every year Slovenian National League is played with 10 teams - merely because of the fact that players can obtain international norms.
 This year one team cancelled participation just few days before the start, so we couldn't find 10th team to compete.
 Unfortunately one player (IM Darko Doric, CRO) would gain GM norm, but he had only 8 opponents. His result was stunning 7 points out of 8 games, with rating performance 2806.
 Even if he would lose with 9th player with rating 2200, his performance would be 2660 out of 9 games.
