Special Remarks (exceptions in pairing, restart option,...)									
As one of the original registered participants had to withdraw for personal reasons, a replacement player was found so late, that his game for the first round could not be played. The tournament schedule left no room for a playing it at another time; so the game was not played.									
The game in question was IM Ahlander - GM Kollars; this unplayed game does not affect the possibility of scoring IM-norms in the tournament.
